

Conté à Paris – tradition & quality

Conté à Paris is well known for its high quality and broad assortment of crayons and pencils, suitable for all drawing, sketching and pastel techniques. The brand was founded in France 1794 when Nicholas Jacque Conté invented the modern pencil by mixing clay with graphite, thus making it possible to create different grades of softness and hardness. Conté Carrés are easy to carry with you and are therefore a natural choice for artists all over the world who want to “catch the moment”.

For more information, see www.conteaparis.com

Crayons

Conté Carrés - a hard pastel crayon

Carrés have a slightly harder consistency than normal pastels and are also a little less pigmented which makes them more transparent. Use them on coloured paper to achieve a deeper luster. Try to move the crayon in broad strokes and with an even pressure to make the most of the paper's tooth. The square shape of the crayons inspires a lot of different techniques. To cover larger areas you use the long, flat side. For different intensity, you just vary the pressure. For fine details you use the short side and its edges. Suitable both on paper and canvas. To make your work last we recommend fixation.

- High pigment load
- Solid consistency
- Square 6 x 6 mm
- Basic assortment with 48 colours

Conté Carrés Set and Blister

Assorted set

Versatile set with assorted colours, suitable for different motives and techniques. By drawing with the different sides of the crayon it is possible to imitate the soft shape of a fruit or the sharp edges of glass. Try to work with different layers to make the sketch gradually gain the right expression. Softer colours like Sepia, Black and Iron Red are often used for building up the background, whereas strong colours like green and red are more suitable for the foreground.

Assorted 24 ask	1	579074	0646217501314
Assorted 12 blister	1	579292	0646217501543

Portrait Set

Set with selected Carrés in different colours suitable for portraits. The firm consistency of the crayons helps you catch the different angles of faces, hair and clothes. Portraits are built up by applying several layers on top of each other; first comes the background, then the skin tones, followed by fine details.

Conté Soft Pastel Crayons

Soft Pastels are made of the very finest artists' pigments, lime and clay, along with other carefully chosen components. This mixture will result in rich, rather opaque strokes with a velvet finish. With the Soft Pastels you can create masterpieces in a larger scale and apply several layers to achieve depths in the drawings. Soft pastels are perfect on coloured papers. To make your art last for a really long time, we recommend fixation.

- Extremely high pigment load
- Soft and supple consistency
- Round shape, diameter 8mm
- The range comprises 48 colours

Soft Pastel Crayons singles in plastic box, 12 x 1

Landscape 12 ask	1	579144	0646217501475

Pencils

Conté Pastel Pencils

The Pastel pencil is a perfect companion to soft pastels because its lead is slightly harder with less pigment load. Unlike the crayons, the pastel pencils should not be added in successive layers of colours, but used as pure colours laid out in patchwork fashion, side by side (so as not to dull the shades by mixing).

- High pigment load
- Hard consistency
- Round shape, lead diameter 5mm
- The range comprises 48 colours

Conté Sketching Pencils

Sketching pencils of very high quality, in different grades of hard and soft, which will meet the artist's every demand. The range comprises a whole lot of unique colours, like Pierre Noire with its black matt shades and Carbon for fine lines and details, not to mention the Graphite Sketching which is ideal for most sketching techniques.

- Graphite and natural tones
- Different grades
- Round and hexagonal shape, lead diameter 3-8mm
- The range comprises 7 different sets and blisters
